Strolling Performers

Educational Programs & Workshops

Structured programs geared toward schools, libraries, summer camps, daycare centers and other family friendly venues & events.

Strolling Performers

Strolling performers are listed below. Please select which performers you are interested in and how many hours for each by clicking the + or -

Strolling performers interact with guests throughout your event & perform at the same time. This is not a staged act or choreographed piece.

Ambient performers such as aerialist acts, Cyr wheel, and lollipop Lyra are not intended to be interactive as much as add to the atmosphere and vibe of the event. These performances run between 10-20 minutes long per each hour booked.

Strolling Hula Hooper

A hula hooper from our team will bring a stack of hula hoops to your event to share with guests. You can expect a combination of strolling hoop performances and some hoop dance instruction.
